WHAT'S HOT

NOVEMBER-DECEMBER 2009

Cool Distressed Denim Shorts,
Graphic Tee's & Biker Jackets.
Rock on!

A summer essential continues to be the distressed denim short.

Whether you're heading out for a cruisy day at the beach, a chilled bevvie in the beergarden with friends, or having dressed-to-impress cocktails at sunset, you'll find one of the season's latest short styles to suit the occasion.

A range of features from bleaching, heavy sanding, rips, tears, paint splatters and spills not only give your denim a lived-in & loved look, it means you'll find a new favourite to wear every day!

Worn back with the seasons latest 80's influenced rock-star graphic Tee's you'll be spot on on-trend. Add a bit of bling and sparkle and throw a biker jacket over the top and you'll be ready to roll into the night.

Guys don't have to miss out on either trend. Denim shorts with a graphic Tee can take you anywhere in day time. Switch to dark denim and you're sorted for the night.
